COMPILED BY THE SERGEANT AT ARMS
UNITED STATES SENATE

NOTE: For changes in this Directory notify the Sergeant at Arms, Ext. 3651, Room S–321, Capitol.

How to use the dial system on the Capitol switchboard

To call Capitol information: Dial "60" and ask the operator for the information you want.

To call another office on the Hill: Consult the telephone directory for the correct number, remove the receiver, listen for dial tone and then dial the number.

To call locally within the Metropolitan Area (example: MEtropolitan 7–9900): Remove the receiver and when you hear dial tone, dial "9". When you hear the second dial tone, dial the number.

To call other Government agencies: Consult this telephone directory page 94, for the agency code. If the branch number can be dialed (indicated by bold face type), and the branch number **is known,** remove the receiver and when you hear dial tone, dial the code followed by the branch number. There will be no second dial tone.

If you **do not know** the branch number, dial the code followed by "Operator" for information except for the Department of Defense, General Services Administration, Interior Department, and National Institutes of Health—information number is listed beneath agency listing in the Government Code section of this directory.

When the calling agencies are not designated by bold face type, dial the code and ask the operator who answers to connect you.

To call long distance: Dial "8" and give your branch number, your name, and the information requested by the operator. If the called number is not known and is furnished by the operator, record it for future use in the "frequently called number" space in your directory.

To dial direct on station to station calls, dial "9" then upon hearing the second dial tone, dial the Area Code followed by the desired number. When the "Charge Operator" requests your number, give her **CA 4 and the 4 digits of the extension from which the call is being placed.**

When leaving word to have someone call you back from a distant city, be sure to leave your Area Code (202) plus the Capitol's listed number, CA 4–3121 and your extension number.

On calls other than station to station, the extension users should continue to dial "8" and place their calls with the operator.

To request long distance conference calls: Dial "Operator" and give your name and extension number as well as the names and telephone numbers of the parties with whom you wish to confer.

To transfer any call: Ask the calling party, "Did you reach me through the Capitol Operator?" If the answer is "yes", transfer the call by depressing and releasing the plunger on the telephone once and asking the operator to transfer the call to the desired branch or person. If the answer is "No", ask the calling party to hang up and dial again.

To request telephone repair: Dial 2145 and report the nature of the trouble.

Interdepartmental Dial System

Interdepartmental dial equipment permits **government** telephone users to make interdepartmental calls direct to extensions in **certain** agencies without the help of an operator. This system is called "Through Dialing."

To call an extension in an agency equipped for through dialing the government employee dials the agency code, followed by the branch number desired. There will be no second dial tone following the dialed code. To reach an information operator, the employee dials the code for the agency desired followed by "O" except in the case of the following agencies (in which case consult the agency listing on the following pages): Department of Defense, General Services Administration, Interior Department, and National Institutes of Health.

On calls to Agencies equipped for Through Dialing

If extension number is known Dial code plus number (no second dial tone).

If extension number is not known Dial code plus "O" to get Information Operator (except in case of Department of Defense, General Services Administration, Interior Department and National Institutes of Health information number is listed directly beneath agency listing on following pages.

On calls to Agencies not equipped for Through Dialing

If extension number is known—Dial code and when operator answers, give extension number.

If extension number is not known—Dial code and when operator answers, ask for Information.

Note.—All Listings in Bold are Thru-Dial Codes.
